TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a Quayle action. Continuation of 1(c) Other: Applicant's marked-up copy of the original specification has page numbers 13 through 28 on the bottom thereof and Applicant's clean copy of his Substitute Specification has pages numbers 29 through 44 on the bottom thereof. This is inappropriate as a clean copy of a Substitute Specification must begin on page 1 and then have page numbers which go consecutively upwards therefrom. If this Application were to go to issue, the presence of a Substitute Specification having pages numbers 29 through 44 at the bottom thereof would cause confusion in the printing process. Therefore, Applicant must resubmit both the clean copy of the Substitute Specification and the marked-up copy of the original specification wherein each begin on page 1 and then all pages thereafter are numbered consecutively upwardly therefrom. Further, the clean copy of the Substitute Specification and the marked-up copy of the original specification must be accompanied by a statement that the substitute specification includes no new matter.
